The standard unit of study is the semester. The normal load of a semester is conventionally 30 credits. The convention of 30 credits/semester was chosen to adjust to the European Credit Transfer System (ECTS). The credits assess the normal volume of a student's work.

In Romania, marks are given on a scale of **1** to **10**, with **5** meaning that “*performance meets the minimum criteria required in order to pass*”, **10** meaning “*outstanding performance*”, and **1** to **4** meaning “*failed*”.

GRADING SCALE:

ECTS Grade	Romanian Grade	% of successful students normally achieving the grade
A	10	EXCELLENT – outstanding performance with only minor errors
B	9	VERY GOOD – above the average standard but with some errors
C	7-8	GOOD – generally sound work with a number of notable errors
D	6	SATISFACTORY – fair but with significant shortcomings
E	5	SUFFICIENT – performance meets the minimum criteria
FX	4	FAIL – some more work required before the credit can be awarded
F	1-3	FAIL – considerable further work is required
