E-Mail:

Professional Experience

09.2017– present

Director Tehnic

Lasting Software Timisoara

As project manager I am responsible for customer interactions and projects planning. My job is to conduct the project by administrating the available resources in order to finalize the project in time, budget and with expected results

07.2016–09.2017

Timisoara Technology Center project manager

Nokia

As TC project manager, I am in charge to organize and facilitate the interactions between the teams inside the TC. I offer PM back office support for management of improvement projects, implementation of improvement project and TC site KPI reporting. Global initiatives management and resource management. My overall responsibility is to promote the Technology Center in local ecosystem and inside the Nokia as well.

06.2015 – 07.2016

LTE Release manager

Alcatel-Lucent Romania SRL

As LTE Release manager I am accountable for ensuring that LTE Releases execute on-time with quality. I Am also responsible for managing release coordination across the LTE programs, R&D, Testing, TIPs and various teams). In addition, the release manager team works joint deliveries between LTE and CDMA in support of Dual-Tech customers. The release manager manages all release deliveries/schedules through the use of a release core team.

08.2014 – 06.2015

Program Core Team Lead on WiFi program

Alcatel-Lucent Romania SRL

As Program Core Team Lead, I am in charge to organize and facilitate the interactions between the team and executive board inside the WiFi program management team (product line manager, technical release leader, procurement, customer documentation and customer team). The overall responsibilities are to ensure all business requirements are managed correctly and deliverables are implemented in time, within the budget.

05.2011 – 06.2015

Small Cell Technical Manager

Alcatel-Lucent Romania SRL

My responsibilities are to manage the system test Metro team, in close collaboration with the teams in USA and China, to develop the test strategy, prepare the feature introduction, estimate the testing effort, administrate budget and assure that the deadlines are met. Regarding the personnel management, I am in charge of development and evaluation of the team, as well as coaching activities in terms of technical and soft skills, solving conflicts, improving communication within the team and interviewing job candidates.

07.2010 – 05.2011

Team Leader

Alcatel-Lucent Romania SRL

My work implied working closely with Bell Labs US in order to support them in the calibration of the propagation model for buildings, using SNAP product. In 2011 I led the SNAP trial preparation for China Telecom .

07.2006 – 05.2010

System Test Engineer

Alcatel-Lucent Romania SRL

During this period, I worked in the Mobile Research Center in LTE system test, as well as in the Mobile Research Center in WiMAX and system integration.

I also participated in the Intel-ALU IOT project, which implied tests being executed On-cable in Timișoara and OnAir in Velizy.

Offering site support for “Axtel” – Mexico and “OneMAX”, and remote support to Alcatel-Lucent customers for End to End WiMAX telecom issues was also part of my area of responsibilities.

01.2006 – 07.2006

Student Part Time Job

Alcatel-Lucent Romania SRL

During the last year of my technical studies, I worked in Alcatel-Lucent in a short term project on QoS over VoIP network.

Certifications and Awards

03.2013

PMP certification

PMI's certification and credentials are distinguished by their global development and application, which makes them transferable across industries and geographic borders. The strength of PMI's credentials is that they are portable and not tied to any single method, standard, or organization.

09.2011

Bell Labs Teamwork Award

Recognized for Demonstrating Extraordinary Performance and Role Model Teamwork

07.2014 – present

“Internship coordinator” – Romanian Labor Ministry

10.2012 – present

Project Management MZT865 CODECS, License 002149

11.2012 – present

Relationship Management, Management Effectiveness, Manager as Talent Coach, Dale Carnegie Training, License 160776

08.2006 – present

Solaris Customized Quadros, License Q000121

| 2007 | “Communication and time management” - Consilium Center |
| 2006 | “Solaris Customized” - Confidence comes from learning Quadros |
| 2006 | “IP basic” - Alcatel University Timisoara |
| 2006 | “Introduction to WiMAX technology” - Alcatel University Timisoara |

Education

| | |
|-----------------------|---|
| 2013 - present | PhD student “Politehnica” University of Timisoara, Romania |
| 2006 - 2008 | Master of Engineering “Politehnica” University of Timisoara, Romania Faculty of Electronic and Telecommunications Specialization: Adaptive Digital Signal Processing |
| 2001 - 2006 | Bachelor of Engineering “Politehnica” University of Timisoara, Romania Faculty of Electronic and Telecommunications Specialization: Integrated Telecommunication Systems (SIT) |
| 1997 - 2001 | Graduate from “Avram Iancu” National College, Brad, Romania |

Technical Skills

- LTE technology – focus on METRO Cell and heterogeneous networks – expert level
- WiMAX technology (Alcatel-Lucent implementation) – expert level
- WiFi , GSM, EGPRS, WCDMA and VoIP - good knowledge
- RF Tools: Spirent SR5500, Sanjole WaveJuge Analyzer, X-CAL, X-CAP – expert level
- TCP-IP, routing, switching, DHCP, DNS, NTP – good knowledge
- RF : Antennae, Propagation, Network planing -good knowledge
- OS: Windows, Solaris and Unix - good knowledge
- MS Office (Word, Excel, PowerPoint, Outlook, Project) - expert

Soft Skills

- Strong communication skills and public speaking abilities
- Organized and reliable, capable of working confidently under pressure
- Ability to work in international teams
- Readiness for onsite support (travel willingness)

Linguistic Skills

- Romanian – native language
- English – good knowledge
- French – basic knowledge

Others

- Driving license: category B since 2002
